

AIRBALTIC ANNOUNCES WORLD DEBUT OF CS300

News / Airlines, Manufacturer

The Latvian airline airBaltic will start Bombardier CS300 commercial operations on December 14, 2016 on its route linking Riga with Amsterdam.

Martin Gauss, Chief Executive Officer of airBaltic: “CS300 is a great aircraft, and a great improvement for our customers this Christmas. We are delighted to announce that the historic first airBaltic commercial flight with Bombardier CS300 will link Riga with Amsterdam.”

The new CS300 aircraft with a total of 145 seats, offers excellent flying experience with such benefits for passengers as wider seats, larger windows, more hand luggage space in the cabin, improved lavatories and other. New aircraft is also much quieter – with four times smaller noise footprint. Moreover, at the moment, it is the greenest commercial aircraft in the world, as it is the first aircraft to have a transparent declaration of the life-cycle environmental impact, helping to reduce CO2 and NOX emissions by 20% and 50% respectively.

airBaltic is the launch operator for the CS300 aircraft, and has ordered 20 CS300 aircraft.

airBaltic operates double daily flight per day from Riga to Amsterdam. To see full CS300 schedule
