Good news for Isle of Man-registered aircraft owners from Metrojet Limited! It's Maintenance, Repair and Overhaul (MRO) in The Philippines – Metrojet Engineering Clark – is now able to work on and return to service Isle of Man-registered aircraft.

“Metrojet has commenced the building of a new state-of-the-art hangar in Clark to accommodate the growing need of aircraft parking and maintenance services in the region,” Mr. Bruce Watson, Metrojet’s Chief Operating Officer commented. “To support such needs, Metrojet Engineering Clark has been expanding its capability and team expertise, so to offer the highest quality standards of services that customers deserve.”

Metrojet Clark MRO is the Philippines CAAP, the United States FAA, the Cayman Islands CAA and Qatar CAA certified.

Metrojet is also pleased to announce the new appointment of Ms Ellen Li as our new Director Finance, with effect from 1 April 2019. She will be overseeing all aspects of Metrojet’s financial operations, planning and budgeting, tax advisory, cash flow management accounting operation, and internal control and compliance.

Ellen is a seasoned and professional senior finance executive with more than 25 years of finance experience in business aviation, media, food and engineering industries in the region. Prior to joining Metrojet, she was with Jet Aviation for over 7 years serving as Director Finance, Asia overseeing the entire finance function as well as assisting in various functional aspects of their MRO operations.

“I am extremely delighted to have Ellen joining the Metrojet team,” commented Mr. Gary Dolski, Chief Executive Officer of Metrojet. “Ellen’s professional experience coupled with significant market knowledge will assist us in our growth and expansion in the Hong Kong, mainland China and South East Asia region.”

Metrojet is participating in ABACE 2019 at booth B223.

Established in 1995, Metrojet pioneered business aviation services in Hong Kong and remains one of the most renowned safety and customer-focussed business jet operators and maintenance providers in Asia Pacific. The company provides all-inclusive aircraft management, maintenance and aviation consultancy services.
