# TAG AVIATION'S LE BOURGET MAINTENANCE SERVICE CENTRE WINS BOMBARDIER ASF LINE MAINTENANCE EXCELLENCE AWARD 2017

**News / Business aviation, Maintenance / Trainings**

**TAG Aviation's Maintenance Services Centre at Le Bourget Airport in Paris, France, has received the Bombardier Authorized Service Facility (ASF) Excellence Award for Line Maintenance for the third consecutive year.**

**The Bombardier ASF Excellence Awards are presented annually to Bombardier Business Aircraft ASFs that deliver the best performance across a set of key criteria which include quality assurance, technical compliance and customer influence.**

**The award was accepted on behalf of TAG Aviation by Franck Madignier, President Maintenance and FBO Services, TAG Aviation Europe and Xavier Sauque, TAG Aviation's Le Bourget Line Station Manager at this year's Bombardier Business Aircraft 7th annual AFS Excellence Awards ceremony which took place on 11th October at the Business Aviation (NBAA) Convention and Exhibition in Las Vegas, Nevada.**

**"We are proud and delighted that our line maintenance facility at Paris-Le Bourget has achieved this hat-trick and achieved such industry recognition for the third year running" said, Franck Madignier, President Maintenance and FBO Services, TAG Aviation Europe.**

**“TAG Le Bourget is a key maintenance centre within our network and one of the most popular airports for business aviation within Europe. As an authorized maintenance facility for Bombardier business jets it provides important line maintenance support for Bombardier operators.”**

“These awards recognize our authorized facilities’ commitment to serving operators of Bombardier Business Aircraft with superior quality and performance, effectively supporting our mutual goal to maximize the efficiency of our customers’ operations” said, Bill Molloy, Vice-President, Aftermarket Sales and Commercial Strategy, Bombardier Business Aircraft.

TAG’s Le Bourget Maintenance Service Centre is an Authorized Line Maintenance facility for Bombardier business jets and is the only ASF based at Le Bourget. Offering comprehensive maintenance services for Bombardier business aircraft, TAG Aviation Le Bourget is located in one of the busiest and most important business aviation airports in Europe.
