

# FIRST AERO-MEDICAL CESSNA SKY COURIER TO BE DELIVERED TO TASSILI TRAVAIL AÉRIEN IN AFRICA, LAUNCHING NEW ERA OF MEDIEVAL SERVICES

News / Events / Festivals, Manufacturer

**Tassili Travail Aérien at Paris Air Show has signed a purchase agreement for two new Cessna SkyCourier aircraft, marking the first order of an aero-medical equipped SkyCourier and the first SkyCourier order in Africa. Based in Algeria, TTA is a subsidiary of Sonatrach, the national state-owned oil and gas company. TTA provides passenger transportation, aero-medical evacuation, and other special mission services to the energy sector across Algeria.**

Bob Gibbs, vice president, Special Mission Sales commented: “The Cessna SkyCourier is a versatile aircraft capable of supporting challenging missions, high payloads and short, rough runways worldwide. TTA’s mission package includes the advanced Lifeport PLUS Powered Medevac System, allowing TTA to quickly switch from passenger or cargo to medevac missions.”

The twin-engine, large utility Cessna SkyCourier turboprop will modernize TTA’s fleet, offering

improved efficiency and reliability, and lower operating costs, while supporting transportation and medevac missions. The aircraft will be based in Algiers and Hassi Messaoud, Algeria, and delivery is anticipated in 2026.

When government, military and commercial customers want airborne solutions for critical missions, they turn to Textron Aviation. The company's aviation solutions provide the high-performance and flight characteristics required to address the unique challenges of special missions operations. With unparalleled quality, versatility and low operating costs, Textron Aviation products are ideal for air ambulance, intelligence, surveillance and reconnaissance (ISR); utility transport, aerial survey, flight inspection; training and many other special operations.
