Successful debut of Bombardier Global 7500 at EBACE 2019!

HK Bellawings Jet Limited has signed a LOI for five new *Global 7500* and has also exercised options for two *Global 7500*, as part of the initial agreement signed in May last year.

“The *Global 7500* aircraft continues to demonstrate its unrivalled performance and smooth ride, all the while delivering uncompromising value to customers under any conditions, at any time, without the need for tailwinds,” said David Coleal, President, Bombardier Aviation. **“HK Bellawings’ experienced and professional team is a perfect fit for the *Global 7500* aircraft’s superior performance and we are thrilled that they have chosen our flagship to expand their growing fleet of business jets.”**

“Today marks a step forward towards our goal of becoming the premier Asian private jet operator. We are very impressed with Bombardier’s *Global 7500* aircraft since its entry into service less than six months ago,” said HK Bellawings’ President Mr. YJ Zhang. **“Its unmatched performance and**

range is ideally suited for our customers in the Greater China region. As the operator that will manage one of the world's largest fleet of Global 7500 aircraft, HK Bellawings Jet will further expand its business scope and continuously pursue higher goals.”

Winner of the 2019 Aviation Week Grand Laureate Award and a Red Dot award for design, the *Global 7500* jet offers Bombardier's signature smooth ride and a spaciousness that is unique among business jets. Featuring a full-size kitchen and four true living spaces, the aircraft sets the benchmark for the most exceptional cabin interior. The *Global 7500* aircraft's range of 7,700 nautical miles is the longest in business aviation. This business jet can connect the cities of Beijing, Shanghai and Hong Kong non-stop to the cities of New York, London or Milan, and also fly nonstop from Singapore to Vancouver.*

Established in 2014, HK Bellawings Jet Limited is a distinguished business jet management company dedicated to providing a diverse array of professional, highly efficient and comprehensive business aviation services and solutions, which include business jet management, aircraft maintenance, travel concierge service, aircraft acquisition service, and business aviation consultancy. They operate a fleet of *Challenger* and *Global* business aircraft.
